- UPA is reporting all positive confirmed cases of individuals who came onto our campus during their infectious period. If an individual tests positive for COVID-19, close contacts and the Santa Clara County Public Health Department are notified.

- If your student is considered a close contact, you will be notified.

- During the school year, the dashboard will be updated once a week on Fridays.

- All cases are confidential. Information regarding individuals with COVID-19 symptoms, close contacts with someone who is COVID-19 positive, or individuals who have tested positive for the coronavirus, is sensitive, confidential information. Names will not be released.

- If you have any specific questions, please contact Andrew Yau, the Director of Student services at ayau@upatoday.com
